Our dental team is happy to welcome you to our practice. We appreciate the trust you have shown in us by selecting our office to provide your personal oral health care. Because your dental health is our top priority, we strive to provide you with the highest quality care. We keep abreast of new dental techniques, materials, technology and work to continually improve our professional skill and judgment. Most important, we are sensitive to your feelings and encourage open communication.

On your first visit, we will listen carefully to your dental concerns and answer all of your questions. You can expect a comprehensive oral examination and assessment. We will take the necessary digital images (less radiation than x-rays) and possibly take some dental photographs. After a thorough examination, we will discuss treatment options that are most appropriate for your personal oral health goals. Finally, we look forward to introducing you to our dental team who are highly trained, experienced, and friendly.

Enclosed you will find a Medical History Questionnaire, a Consent/Acknowledgment Receipt of Privacy Policy, Internet Communication Consent and Insurance Information Form, if applicable. **Please read these documents, complete them at your convenience, and bring to your first visit.** If you are taking any prescription, non-prescription medications, or dietary supplements, please include them on your Medical History or bring along a complete list. If you have any pre-existing medical condition(s) such as, prosthetic heart valves, previous endocarditis, congenital heart disease, or artificial joints, please call and inform us prior to your appointment. Also, if you have dental insurance, please bring your current insurance card, so that we may keep a copy on file. If you have current X-rays or images, please bring them as well.

We have reserved time especially for you. We request that you extend the courtesy of 48 hours notification if you must change your appointment date or time for the initial appointment or for any future dental appointments.

Please feel free to contact us if you have any questions or concerns regarding your first appointment at Kyger Dental. Once again, we are looking forward to seeing you!

Sincerely,

Dr. Timothy V. Kyger, Dr. Billie Sue Kyger, and Dr. Timothy F. Kyger
